

GECKO 35 PRO LRF

COMPACT AND LIGHTWEIGHT THERMAL VISION SPOTTING DEVICE WITH LASER RANGEFINDER

INTEGRATED LASER RANGEFINDER

Gecko 35 PRO has a Class 1M LRF, which provides both single and continuous ranging to accurately capture target distance

QUICK TERRAIN EVALUATION

With accuracy of ± 1 m within 800m, evaluation of distance and terrain is quick and easy

SOPHISTICATED IMAGE QUALITY

Uses a powerful 12 μ m thermal imaging detector

CLEAR VISION EVERYWHERE

Ultra-clear mode for harsh weather conditions

LONG DETECTION DISTANCE

A standard object of 1.7 m can be spotted up to 1818 meters away even in challenging conditions

SAVE EVERY MOMENT

Record photo and video on the 32GB built-in memory

KNOW WHERE YOU ARE

With the built-in digital compass and motion sensor

KEEP IT GOING

Gecko 35 PRO boasts a replaceable battery pack

SHARE THE MOMENT

With support for Wi-Fi & mobile app
